## **MARCH ATTENDANCE**

Today, Firefighters, Communication Officers and Ambulance Officers marched side by side on the streets of Brisbane to show the government that we will not sit back and allow the taking of our conditions.

I would like to thank Members from Toowoomba, Ipswich, Gold Coast, Sunshine Coast, Beenleigh and Brisbane North and South for showing their solidarity.

The media reports coming back state that we had a crowd of 800. Well done for those in attendance and thank you to the Regional members who have shown great support even though they could not attend.

More information regarding regional activities is being organised and will be relayed via a Code 2 early next week.

**John Oliver**  
**State Secretary**
