Auxiliary Negotiations Update 23 October 2012

QIRC hearing for auxiliaries Award – October 2012.

On Friday 19th October 2012 the Queensland Industrial Relations Commission (QIRC) listed your union's application for a first Award for auxiliaries for a preliminary mention hearing (QIRC A/2012/13).

UFUQ and QFRS appeared before the QIRC and have been directed by QIRC to enter into discussions to see if any consent can be reached on the application.

QFRS have not said whether they will support or oppose the making of a first award for auxiliaries but they are prepared to discuss it with your union.

It is important that your auxiliary employment conditions be examined properly and due regard be given to the unique arrangements covering your work.

The matter has been relisted for a further QIRC mention in the second week of December.
